Reviews

Jane is Amazing!

Imagine, Jane and I planned this welcome reception dinner through emails. Her exceptional execution of plans amazed me. Armed with only my vague idea of what I was trying to do, she went forward with a theme, a menu, music and her bright and sunny personality to create a fun and exciting evening for all my special guests.

Jane is wonderful!

Our wedding day could not have been more perfect and it is thanks to Jane. We wanted a small beach wedding and it is hard to do long distance. As soon as I found Jane my frustrations went away.

I call her the one stop wedding shop. She not only coordinated our wedding day but she married us, made the flowers, and also provided the music. She is passionate about her work and really cares about making people happy. I highly recommend her to make your wedding day special and unforgettable.

Jane is truly a treasure.

We wanted a small intimate ceremony on the beach, but we were over 1000 miles away. She helped us locate the photographer, put together the flowers, provided us directions, etc. It started raining about the time we were supposed to start the wedding ceremony (we wanted a beach setting), but with her determination, we waited the rain out, and had the outdoor setting we wanted. It would have been so difficult without her guidance and assistance. Her enthusiasm is contagious, and she obviously loves what she is doing. We plan on returning to the area, and if we need anything, we will definitely contact her.
